A Celebration of Heritage and Hope

Make sweet memories this Mid-Autumn Festival as you bask in the enticing aroma of fresh mooncakes with each savoury bite presented in gift boxes fashionably designed and inspired by +sukha.

Celebrating the beauty of Chinese design and textile, this year InterContinental Kuala Lumpur has partnered with +sukha, a made-to-measure designer who works with local tailors and seamstresses to provide them with an income post-pandemic.

As part of our on-going commitment to serving our guests unforgettable experiences, we celebrate this year's collection by remembering the significance of it and the importance of not only celebrating joy with our loved ones, but also giving gratitude in honour of the festive season by coming together with love and compassion, as well as, connecting with our communities whom are near and dear to us through kindness and hope.
